Reminder of Electrical Ground Requirement

As directed by the Jersey City Municipal Utilities Authority, Veolia Water may have recently replaced the water meter at your property. At that time, the person performing the meter change may have provided you with a written recommendation that a suitable grounding wire may be installed on your water piping to ensure electrical continuity across the water meter. This recommendation was given because the new water meter that was installed is made from non-metallic material that may interrupt electrical grounding within the house and/or the installer felt that there was not a suitable ground wire present.

The National Electric Code requires that grounding stages be installed on either side of the meter.

This letter serves a formal notice of the requirement and as a reminder in case you have not had a proper electrical grounding wire installed. It is recommended you contact a licensed electrician to ensure that your electrical system is properly grounded.

Call if you have any questions.

Programa de terminación del agua en invierno

Trabaje con nosotros para mantener el agua fluyendo

De acuerdo con el Artículo 14:3-3A.5 del Código Administrativo de Nueva Jersey, Veolia ha implementado un Programa de terminación del agua en invierno para evitar la suspensión del servicio para los clientes residenciales elegibles que reciben agua del 15 de noviembre al 15 de marzo. El servicio no se puede suspender durante este período para los clientes elegibles.

¿Quién es elegible?

1. Destinatarios de beneficios bajo el Programa de Crédito Lifeline
2. Destinatarios de beneficios bajo el Programa Federal de Asistencia de Energía para Hogares de Bajos Ingresos (Home Energy Assistance Program, HEAP), o certificados como elegibles según los estándares establecidos por el Departamento de Servicios Humanos de Nueva Jersey
3. Destinatarios de Asistencia Temporal para Familias Necesitadas (Temporary Assistance to Needy Families, TANF)
4. Destinatarios de Seguridad de Ingreso Suplementario Federal (Supplemental Security Income, SSI)
5. Destinatarios de Asistencia Farmacéutica para Personas Mayores y Discapacitadas (Pharmaceutical Assistance to the Aged and Disabled, PAAD);
6. Destinatarios de beneficios de Asistencia General (General Assistance, GA)

8. Personas que no pueden pagar sus facturas de servicios públicos debido a circunstancias fuera de su control

Los clientes elegibles deben comunicarse con el Departamento de Cobranzas al 1-855-862-6076 para obtener una autocertificación. Los clientes deberán establecer un plan presupuestario o un plan de pago con un pago inicial.

Su servicio no será suspendido si puede demostrarle a la empresa de servicios públicos que está haciendo un esfuerzo de buena fe para pagar. Si se atrasa demasiado en sus pagos mensuales durante el invierno, su servicio de agua se suspenderá después del 15 de marzo, o más tarde si las condiciones climáticas requieren una extensión del programa de protección. Los clientes que tengan la capacidad de realizar un pago de buena fe deberían someter el pago a la empresa de servicios públicos.

Si su empresa de servicios públicos determina que usted no está haciendo un esfuerzo de buena fe y le notifican que suspenderán el servicio, negocie con ellos nuevamente.

Reminder of Electrical Ground Requirement

As directed by the Jersey City Municipal Utilities Authority, Veolia Water may have recently replaced the water meter at your property. At that time, the person performing the meter change may have provided you with a written recommendation that a suitable grounding wire may be installed on your water piping to ensure electrical continuity across the water meter. This recommendation was given because the new water meter that was installed is made from non-metallic material that may interrupt electrical grounding within the house and/or the installer felt that there was not a suitable ground wire present.

The National Electric Code requires that grounding stages be installed on either side of the meter.

This letter serves a formal notice of the requirement and as a reminder in case you have not had a proper electrical grounding wire installed. It is recommended you contact a licensed electrician to ensure that your electrical system is properly grounded.

Call if you have any questions.
